TIME TO OBSERVE THE LAW.

Illegal Work for the County Should Be Stopped.

During the campaign of last Fall the APPEAL called repeated attention to the illegal work done by Commissioner Bray on the county roads and the sums of money he was constantly receiving from the county contrary to law.

Since the first of January he has continued his work and each month reaches into the County Treasury the same as before. His bills are as follows:

Nov.	\$14.00
Dec.	33.00
Jan.	60.50
Feb.	20.80

Total \$128.30

In the Grand Jury report submitted on the 30th of last August is the following relative to Bray's conduct:

"It is the unanimous opinion of this Jury that all the work done for the county by Mr. Bray has been well done and his charges reasonable, but we are of the opinion, from such legal advice which we have received in regard to the law that a County Commissioner has not the legal right to perform road or bridge work except in cases of urgent necessity. With the above exception we have found all acts of the County Commissioners legal and for the best interests of the county."

Thus after the Grand Jury declare Mr. Bray's contracts illegal he goes right along the same as before, unmindful of the law on the subject or the opinion of the voters expressed at the polls last November.

The APPEAL calls attention to the Silver Commissioners, the District Attorney and Auditor to the law on the subject and in the name of the taxpayers of Ormsby county demands its enforcement.

The APPEAL fears that Mr. Bray does not wait even for an order from the Chairman of the Board to do road work; if he sees a place he thinks needs mending he fixes it and pays his bill.

The Silver Party last Fall pledged the taxpayers to an obedience to the law to the letting of county contracts. The platform of the Silver Party of Ormsby contains the following plank:

The nominees of our party are pledged to the economic administration of County affairs, the impartial administration of justice in our local courts, the equitable levy of taxes and an obedience to the law in the letting of County contracts.

District Attorney McGowan Auditor Ellis and Commissioners Muller and Peterson were pledged to this platform and elected on it.

Now that the law has been made clear to them, their duty at the next monthly meeting is plain.

Wanted to be Remembered.

A California editor pours his tale of woe into President-elect Cleveland's ear as follows:

After March 4, when you walk up to the paying teller's window with your portmanteau and draw your \$4,166 a month for decorating the Presidential chair, will you, or will you not, kindly think of the 123-pound bald-headed slave who carried a dripping torch all through the campaign and wore out the rifles in his throat hurrying for you and tariff reform. When France strikes you for a new pair of gloves have firmness to say: "No, dear, we cannot afford them now; I have a friend in township 45 N. R. 5, W. Mount Diablo meridian, county of Siskiyou, State of California, U. S., who ruined a Summer suit of clothes that he got with a can of baking powder, packing a leaky torch to place me where I am. We must save our money and buy him a fifteen-cent bottle of Lysine to remove the grease spots."

An Indian Policeman.

Dick Bender, called at the Sheriff's office yesterday to advise the appointment of a special Indian policeman to keep the Washoes out of town at night, as they are getting to be heavy drinkers and opium smokers. Acting on the advice of Dick, interpreter for the Washoes, Sheriff Kinney appointed Washoe Johnny as a special officer. Dick Bender, who is regarded as the smartest Indian in the State, says if the members of his tribe are not kept away from these luxuries of civilization, there won't be an Indian left inside of ten years.

The Masons had a big time at the Ormsby House last night. A special train brought members from adjoining towns, and 150 feasters sat down to the festive board. The good cheer flowed up to a late hour.

The Record says potatoes are selling from wagons at Pione at two cents a pound. It is thought they will run to five cents before June. Oats and barley bring but \$1.65 to \$1.75 per cwt. by the load. The latter product does not pay to raise and market at these figures.

A \$10,000 Blow.

The blow which Hall received from Fitzsimmons in the New Orleans ring on Wednesday night is said to be the hardest ever received in the ring in this country. It was a full right hand swing and sent the redoubtable Hall clean out. For an instant his seconds thought he was killed. In an hour he was none the worse.

Fitz whipped Hall, a giant, in four rounds but it required six to do up Dempsey the clever middle-weight. This tremendous blow netted the man behind it just \$46,000, the largest sum ever hung up in America. The men were in the ring about 15 minutes.

A Turkish Bath.

As to "Turkish Bath." Well, "A Turkish Bath" is a farce comedy, with a plot of the usual texture of that type of Theatrical production—say of spider web texture. But in the web are woven hundreds of ridiculous incidents. You laugh and laugh, and then you marvel at your stiltiness, but you "repeat at intervals." The star, Marie Heath, as "Little Dot" is a wonderful woman. Though past 25, her thirteen-year-old child is a bit of artistic acting as commendable in its way, as Maggie Mitchell's "Cricket." She has all the dexterity and winsomeness of a pretty, but impish, spoiled child, and sings and dances her fairy like way into the hearts of all. Her supporting company were all good and a Turkish Bath will find another paying welcome in Iowa City next season.—Iowa City Republican.

This company will be at the Carson Opera House Wednesday March 15th.
